

How to transfer a cat to a easter-bunny

... fun with www.fotospass.com

Ear patterns

How to fasten the laundry clips

What you need:

- 1 pcs. Patient cat
- 4 pcs. Mini laundry clips
- 1 pcs. Ear patterns (at the left)

Tools:

- 1 pcs. Scissors
- 2 pcs. Colored pencils (brown)

Instructions:

Paint the ear patterns in colors, which fit best to the skin of the cat. Afterwards cut them out carefully with the scissors and fasten each of them with two laundry clips to the cat's ears. Divert the cat thereby e.g. with interesting tinkering-tips and it won't notice the ears (see picture on the right).

Hint:

If you choose the color of the laundry clips in similar colors like the cat's skin, you won't be able to differ it from a real easter-bunny.

Have fun!

Guidance not suitable for children under 4 years (danger of injury by the scissors)!

During the photo-shooting no animals have been hurt!
